HEALTHEZ

EFFECTIVE 01/01/2021 | EMPLOYERSOLUTIONSBENEFITS.COM | 888-701-2975

Welcome back!

We're here to make your life easier.

HealthEZ is an independent third-party administrator (TPA), which means we manage your employer's health benefits and process your medical claims. We have already worked with your employer to design a custom benefits plan for your organization, and now we're ready to help you access the services you need. We've been providing our knowledgeable and service-oriented approach for over 35 years.

Direct access to member support

24/7 helpline

You have 24/7 access to our team of experienced doctors and nurses. Have a health-related concern or need help finding the right doctor? Give us a call at 888-701-2975. We are here to help you.

Dedicated benefits website

You can use Employer Solutions's dedicated benefits website at EmployerSolutionsBenefits.com to learn about and manage your health plan. View your benefits, review pharmacy information, search to find a doctor and more.

With your ID card information, you can set up an online account to access monthly statements, account balances, recently processed bills and HealthEZ's online payment system, EZpay.

Medical network

Your primary medical network is America's PPO for MN, SD, ND and WI members.

Your primary medical network is PHCS for members in all other states.

Your medical network is a group of healthcare providers. It includes doctors, specialists, hospitals, surgical centers and other facilities. These healthcare providers offer services at a lower rate than out-of-network providers, which you will see reflected on your statements as a discount.

There may be times when you decide to visit a doctor or clinic that is out-of-network. The costs for these visits and services will always be higher than seeing doctors that are in-network. There are no discounts for these out-of-network services, and you will be responsible for paying the difference between the provider's full charge and the amount your health insurance plan pays. This is called balance billing.

To check that your provider is in-network, please visit EmployerSolutionsBenefits.com, and click "Find a Doctor."

Pharmacy benefits

Your Pharmacy Benefit Manager is Magellan.

Pharmacy Benefit Managers (PBMs) reduce prescription drug costs and improve convenience and safety for consumers. Magellan administers your prescription drug plan and offers home delivery of medications and a network of pharmacies that offer more affordable medications.

Tips for saving money on prescriptions:

- **Find less expensive pharmacies:** The same prescription rarely costs the same from store to store. We encourage you to compare prices of your prescriptions at different pharmacies to get the best price.
- **Switch to generic medications:** Talk to your doctor about switching to a generic version of your brand medication. Generic medications cost less than brand name, and offer the same dosage form, safety, quality and performance characteristics of brand name medications.
