myHealthEZ Account

With or without the myHealthEZ app, you can manage your HealthEZ benefits on your preferred web browser as well. Visit myHealthEZ.com or EmployerSolutionsBenefits.com and click "Login."

If you have not registered an account with HealthEZ yet, enter in your credentials, choose a password, and click "Activate Your Account".

Dependents over the age of 19 can create their own myHealthEZ account to manage their plan and request a replacement ID card or download their ID card directly to their own devices.

Seamless online payments

EZpay is HealthEZ's online payment system that allows you to easily and quickly pay your portion of medical bills with your payment of choice, including credit and debit cards, and HSA accounts.

After you set up EZpay, every time we process a bill of yours, we will send you an email asking you to approve the payment for the amount due.

EZpay will pay the bill by default if you do not respond to the email in:

- 2 business days for bills under \$250
- 5 business days for bills over \$250

EZpay will combine your payment with payment from your health insurance so that we pay your healthcare provider in full.

One simple statement

We consolidate all of your monthly healthcare expenses into one simple statement. This statement eliminates confusion and provides information about year-to-date deductible and out-of-pocket maximums, and itemized transactions during the current billing period.

Medical ID cards

If you are new to the HealthEZ plan, keep an eye out for your medical ID card. Once you receive that, you can setup your myHealthEZ account.

If you are a current HealthEZ member, please note that you will be receiving a new medical ID card after open enrollment has closed.

If you need a replacement card, log into to your myHealthEZ account and request a new card be printed and mailed, or download a digital copy directly to your device!
